

STAND OUT FROM THE CROWD

Whether you are after a simple roller banner or looking to upgrade your shell scheme, our dedicated graphics team are here to help you!

Please read on to see how we can enhance your stand...

Stretched Canvas Graphics

- Full colour, digitally printed stretched canvas
- Fitted to a framework on hire which is then mounted into the shell scheme to create a seamless yet professional display
- Can be backlit for extra impact
- Compact and lightweight
- Can accommodate shelves and TV's
- Production cost includes quality check of the artwork (design services available if required), print, delivery, installation & disposal if needed

Flush Fitting Graphic Panels

- Full colour, digitally printed rigid Foamex panels
- Produced to fit onto the shell scheme structure to create a seamless image
- Supports wall mounted TV's with the use of wall reinforcements for most shell schemes
- Production cost includes quality check of the artwork (design services available if required), print, delivery, installation & disposal if needed

Dimensions: Width varies on stand size x approximately 2.5m high

Material: Printed 3mm Foamex

MAELSTROM
STAND GRAPHICS & DESIGN

Infill Wall Graphic Panels

- Full colour, digitally printed rigid Foamex panels
- Produced to fit within the shell scheme structure leaving the upright poles visible
- Supports wall mounted TV's with the use of wall reinforcements for most shell schemes
- Production cost includes quality check of the artwork (design services available if required), print, delivery, installation & disposal if needed

Dimensions: Approximately 1m wide x 2.5m high
Material: Printed 3mm Foamex

Additional Extras

We can also supply a range of additional items to enhance your stand, including:

1. Individual Graphic Panels

Supply and install individual, custom sized panels to fit within the shell scheme structure

2. Roller Banners

Full colour, printed, pull up roller banners that can be taken away after the event

3. Pop Up Displays

Curved or straight lightweight frames onto which printed graphics are attached. These can also be taken away after the event for use at other shows

4. Counters & Literature Racks

Counters can be supplied with or without graphic fronts, as well as literature racks.

5. Platform Flooring/Carpet Colour Change

Not only enhances the look of your stand but also allows for any cabling to be run under the platform

Modular Stand Design

Our widely used modular system that can be configured to any shape, from a versatile exhibition stand to a shelving unit!

Create the look and feel of an expensive, traditional custom display on a smaller budget whilst integrating bespoke elements, including TV's and shelves.

Our designers will work with you to produce technical drawings and full colour visuals.

Please get in touch to discuss your requirements

Traditional Stand Design

For those exhibitors looking to make the step up to custom built stands, we offer a full stand design and build service.

Whether you're looking for a smaller scale stand or large customisable stand, the purpose made construction is bespoke to your requirements, to truly make you stand out from the crowd.

Upon receipt of your brief, our designers will work with you to provide you with a full quote, including technical drawings and full colour visuals.
