MAELSTROM
STAND GRAPHICS & DESIGN

Stretched Canvas Graphics

- Full colour, digitally printed stretched canvas
- Fitted to a framework which is then mounted into the shell scheme
- Can be backlit for extra impact
- Shelves and TVs can be included with this system
- Upright poles are not visible when using this option
- Printed Foamex fascias also available
- Production cost includes quality check of the artwork (design services available if required), print, delivery, installation & disposal if needed

Additional Extras

We can also supply a range of additional items to enhance your stand, including:

1. Individual Graphic Panels

Supply and install individual, custom sized panels to fit within the shell scheme structure

2. Roller Banners

Full colour, printed, pull up roller banners that can be taken away after the event

3. Pop Up Displays

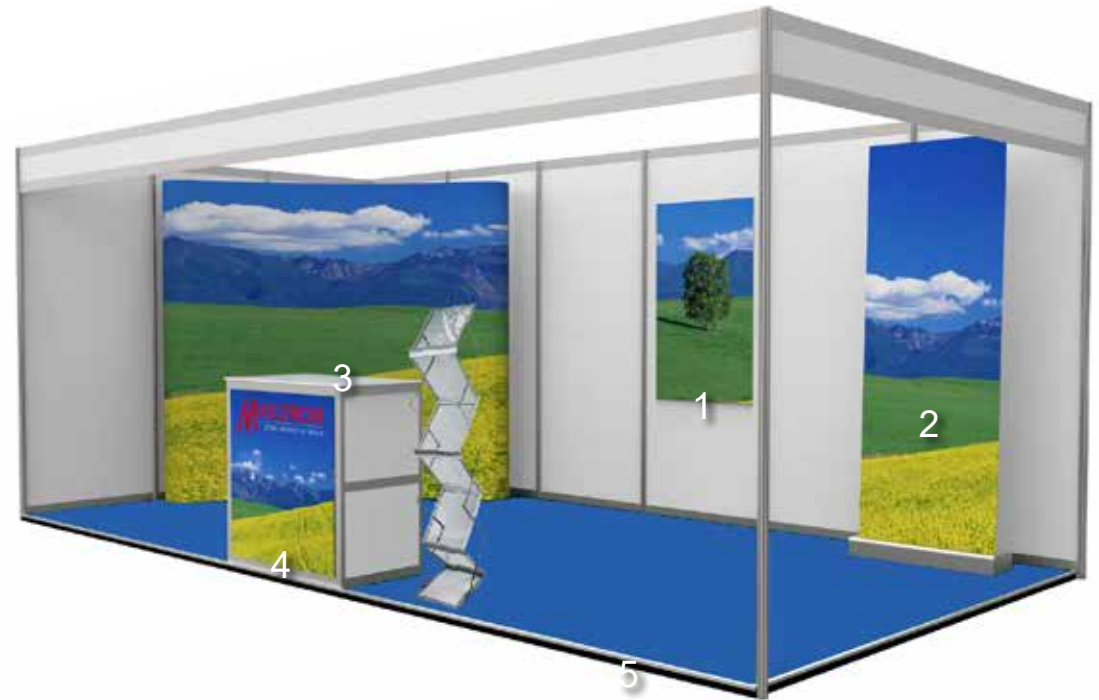

Curved or straight lightweight frames onto which printed graphics are attached. These can also be taken away after the event for use at other shows

4. Counters & Literature Racks

Counters can be supplied with or without graphic fronts, as well as literature racks.

5. Platform Flooring/Carpet Colour Change

Not only enhances the look of your stand but also allows for any cabling to be run under the platform

Stand Design

For those exhibitors looking to make the step up to custom built stands, we offer a full stand design and build service.

Whether you are looking for a re-usable modular exhibition stand or a 'one-off' custom built stand, we can offer a solution to suit most budgets.

Upon receipt of your brief, our designers will work with you to provide you with a full quote, including technical drawings and full colour visuals.

We will order furniture and electrics required on your behalf.

Please call to discuss your requirements

Modular Stand Design

A lightweight, modular system that can be configured to any shape, from a versatile exhibition stand to a shelving unit.

Create the look and feel of an expensive, traditional custom display whilst integrating bespoke elements, including TV's and shelves.

Our designers will work with you to produce technical drawings and full colour visuals. We will also order furniture and electrics required on your behalf.

Please call us to discuss your requirements
